

Ohio Administrative Code Rule 3745-54-32 Required equipment.

Effective: January 7, 1983

All facilities shall be equipped with the following, unless it can be satisfactorily demonstrated in the permit application that none of the hazards posed by waste handled at the facility could require a particular kind of equipment specified below:

(A) An internal communications or alarm system capable of providing immediate emergency instruction (voice or signal) to facility personnel.

(B) A device, such as a telephone (immediately available at the scene of operations) or a hand-held two-way radio, capable of summoning emergency assistance from local police departments, fire departments, or Ohio EPA or local emergency response teams.

(C) Portable fire extinguishers, fire control equipment, including but not limited to, special extinguishing equipment, such as that using foam, inert gas, or dry chemicals, spill control equipment, and decontamination equipment.

(D) Water at adequate volume and pressure to supply water hose streams, or foam producing equipment, or automatic sprinklers, or water spray systems.
